

1 STEP ONE

(Optional) Create your avatar. This will allow you to virtually join the photo booth with your new friends from the program. Choose the second portrait style 'pose type', line yourself up, and take your photo!

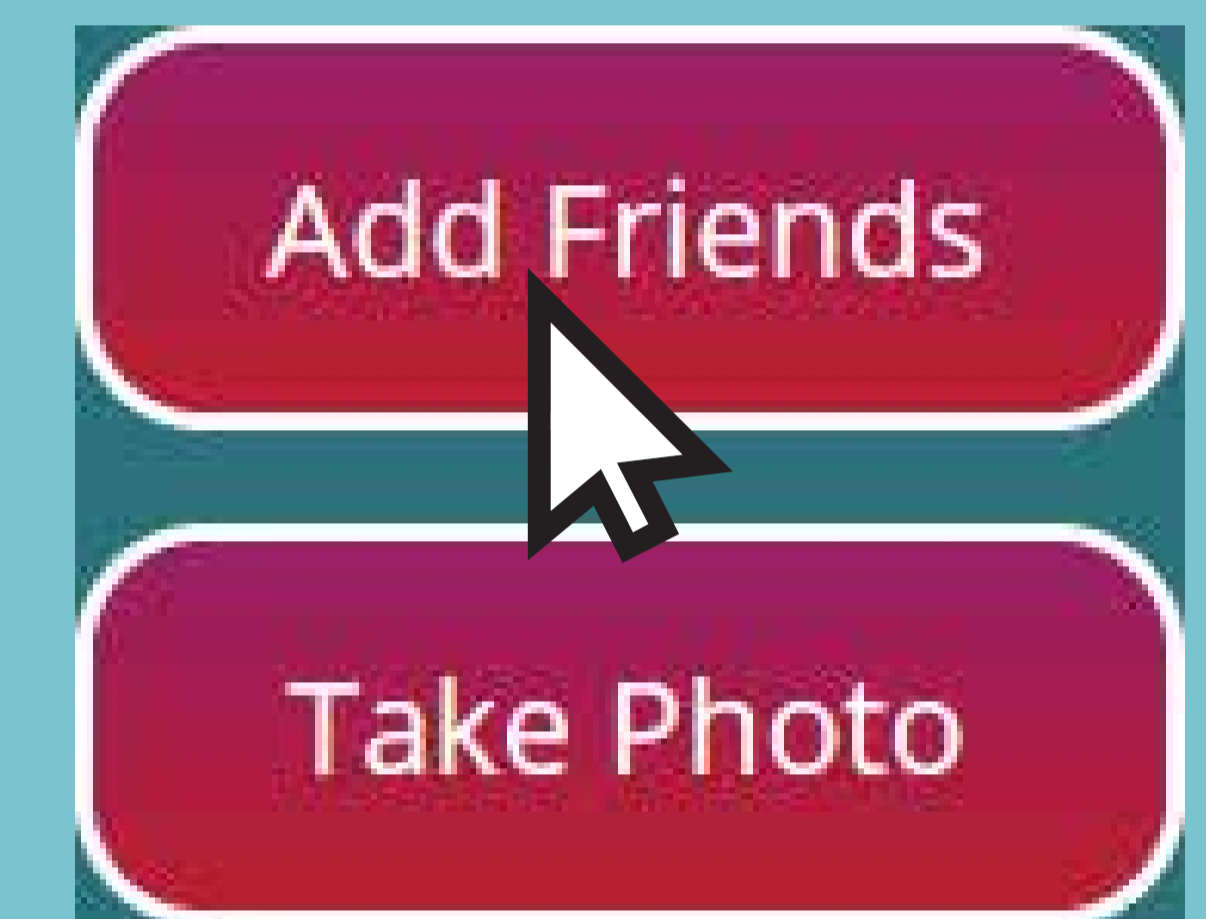

2 STEP TWO

Choose your photo booth experience! Choose 'PHOTO' if you just want one image. Choose 'GIF' if you want a moving compilation of 3 different photo poses. Choose 'BOOMERANG' if you want a short looping video.

3 STEP THREE

(Optional) Once you've chosen your photo booth experience, choose 'add friends' to add in the avatars of the new friends you've met at CAN DO! This feature will be important for one of our photo booth challenges.

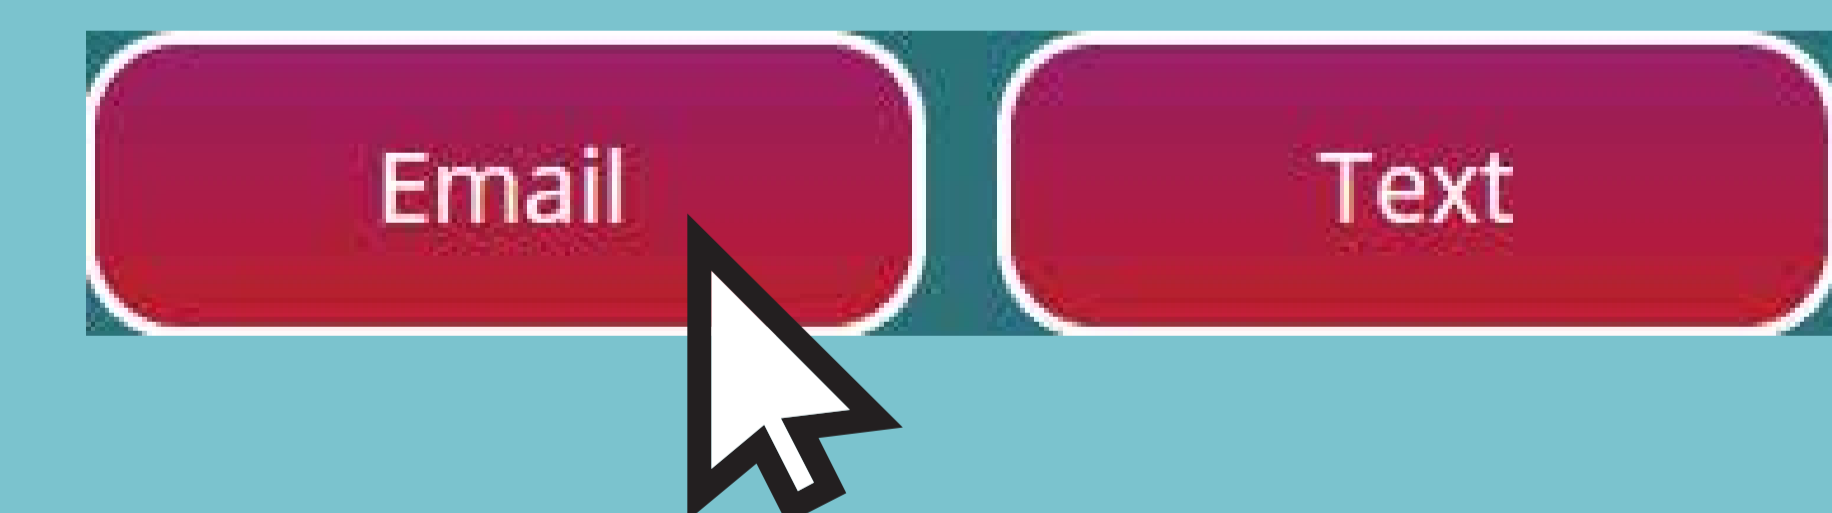

4 STEP FOUR

If you like how your photo came out, choose 'approve' or choose 'retake' if you would like to try again. Click 'add stickers' to add any of our fun stickers to your photo.

5 STEP FIVE

Choose how you would like to receive your photo, either via email or text. In your email or text you will receive a link to view and save your photo.

6 STEP SIX

From there, click 'View Event Gallery' to see photos from other program participants. Click the icon with the down arrow to download. Or click any of the social icons to directly share your photo booth picture on social. Make sure to include #CANDO2021 if you do!
